The Our Lady of Lourdes Conference of The St. Vincent de Paul Society strives to carry out the teaching of Christ and the tradition of the church to "love our neighbor as ourselves". Anyone who lives within our parish boundaries, regardless of creed, may call our helpline. Food, housing, heat and electricity are the primary areas in which we offer assistance. This work is funded by the contributions of the parish community and friends who visit us. Over 99% of our funds go directly to provide help to people in our local area who find themselves in need.
